SIR,

Present:
HON'BLE J. W. QUINTON, C.S.I., *Junior Member.*

Introductory.

I AM directed to submit, for the orders of His Honor the Lieutenant-Governor and Chief Commissioner, the annual report on the administration of the estates held under the superintendence of the Court of Wards for the revenue year 1886-87 ending on the 30th September, 1887.

Number of estates under management during the year.

2. The number of estates under management at the close of 1885-86 was 110, of which 11 were released during the year under report and 6 new estates were taken under charge by the Court of Wards. The net number under management during the year of report was thus 105.

Manda Khera Estate, Bulandshahr district.—This small estate, which is composed of a $\frac{16}{17}$ths share in a proprietary holding of 91 bighas of land and a half share of 5 bighas 7 biswas of perpetual muáfi land, was made over to the Collector of Bulandshahr, for management under Act XL of 1858, by order of the Judge of Meerut dated 17th May, 1879. When charge of the estate was assumed it was found that the share in the muáfi land was mortgaged for Rs. 1,200, which sum was paid off within the first year of the Court's management. The estate being composed of small fractional shares, no works of improvement were carried on. The property

together with Government promissory notes worth Rs. 2,500 was, with the consent of the Civil Court, made over to the ward Abdullah Khán on 9th June, 1887. The ward was educated up to his position in life and instructed in the management of his estate.

Shankar Lál's Estate, Moradabad district.—This estate was made over to the Collector by the Civil Court in 1869, when the proprietor Shankar Lál was a minor. It was released on 1st July, 1887, when he attained his majority. The property consisted of a small share in a village which was leased for Rs. 236. When the Court of Wards assumed charge of the estate it was indebted to the extent of Rs. 900, and a debt of Rs. 353 was subsequently incurred, making a total of Rs. 1,253, all of which was paid off during the Court's management. In addition Rs. 650 were invested in Government promissory and stock notes, which were handed over to the proprietor together with a cash balance of Rs 86 on the date of release. The ward received a fair education.

Bishambhar Náth's Estate, Moradabad district, which consisted of 10 whole villages and shares in 13 others, was taken under the management of the Court of Wards under clause (*b*), section 194 of Act XIX of 1873, at the recommendation of the local officers, on 20th June, 1876. The debts due from the estate when superintendence was assumed amounted to Rs. 36,116. These were all paid during the 11 years' management by the Court, and in addition Rs. 8,000 were invested in Government paper and Rs. 5,869 in loans. These notes and bonds together with a cash balance of Rs. 6,932 were made over to the proprietor on 1st October, 1887, the date of release.

The ward received a good education and was initiated into the management of his property.

Muhamdi Begam's Estate, Moradabad district.—A brief history of this estate is given at page xi of the Board's Court of Wards' Report for 1885-86. Of the six villages the sale whereof was ordered by the Board only 5 were sold, as the money realized was found to be more than sufficient to liquidate the debts with which the estate was embarrassed. The properties or *milks* saved to the owner were as follows :—

(1) Changeri.
(2) Gularia.
(3) Nawabpura.
(4) Muáfi Gilpura.
(5) A muáfi plot in Nawabpura.
(6) Mukarrabpur.
(7) Muáfi Halbat.

The estate had a cash balance of Rs. 5,400, which was handed over to the proprietor on 31st July, 1887, when the estate was released.

Suraj Narain's Estate, Moradabad district, was made over to the Collector for management under Act XL of 1858 by the Civil Court in July, 1881. When charge was assumed the property consisted of 2½ biswas of land and a moiety of a bágh. The income was Rs. 143, the Government demand for revenue, cesses, and patwáris' rate Rs. 24, and the debts due from the estate amounted to Rs. 27,691. On 20th July, 1886, the share in the mahál was sold for Rs. 4,000 in satisfaction of a decree for Rs. 32,838 held by Musammat Takia Begam and other judgment-debtors. The estate, which now comprises half a bágh only, was, with the permission of the Civil Court, released from the superintendence of the Court of Wards on 3rd March, 1887. The ward Suraj Narain was 19 years and 5 months old on the date of release.

Ahmad Husain's Estate, Budaun district.—This estate was placed under the management of the Collector on 18th May, 1882 by order of the Civil Court. It

consisted of a five-sixths share in 26 villages and belonged to Ahmad Husain Khán, who died leaving five heirs, *viz.*:—His mother, Inayat Begam; his wife, Nawab Begam; and his minor children, Zahur Ahmad Khán, Ali Ahmad Khán, and Sarwari Begam. The Court of Wards at first assumed charge of the minors' share of the estate under clause (*b*), section 194, Act XIX of 1873; but subsequently the share of their mother was also placed under the Court, and she was declared disqualified under clause (*g*). The grandmother however, who owned the other one-sixth share, was not similarly disqualified, as she was unwilling that the Court should assume charge of certain other property which she held in her own right. On 10th March, 1886, Ahmadi Begam, a collateral relative of the wards, established a claim in the High Court to obtain a one-sixth share of the estate, and tempted by her success the other collateral relatives threatened to sue the Court of Wards for their respective shares in the estate. As the result of the threatened suits was likely to be favorable to the claimants, and as all those who were entitled to shares in the estate jointly petitioned the Board praying that the estate be made over to them, the Board, after consulting the Legal Remembrancer to Government, instructed the Collector to apply to the Civil Court for permission to release the estate. This was granted by the Judge of Sháhjahánpur, who also appointed one Ahmad Naib Khán as an agent to administer the affairs of the estate under an agreement duly approved by him. The estate was, when superintendence was assumed, indebted to the extent of Rs. 1,927, all of which was paid off; Rs. 4,300 invested in Government promissory notes were handed over to the aforesaid agent, together with a cash balance of Rs. 1,513 to the credit of the estate at the time of release.

Utraon Estate, Allahabad district—Owing to the mismanagement of this property by Ata Husain, uncle and guardian of the minor proprietor, Mir Waris Husain, it was made over to the Collector, under Act XL of 1858, by order of the Judge of Allahabad dated 31st March, 1880. The estate was composed of 63 villages and was indebted, when superintendence was assumed, to the extent of Rs. 1,277. This sum was paid in full and, in addition, Rs. 9,089 were invested in landed property. The rent-roll of the estate also rose from Rs. 12,770 to Rs. 13,944 and various improvements were effected by the Court of Wards. The ward was educated at the Government Zila School of Allahabad and duly initiated into the management of his property by the Special Manager. With the consent of the Civil Court the estate was made over to the proprietor, Mir Waris Husain, on 10th June, 1887, when he attained his majority. At the time of release the estate had Rs. 12,200 invested in Government paper and a cash balance of Rs. 1,874-9-8.

Sarai Bharat Estate, Allahabad district.—This estate, which was composed of 42 whole villages and 19 shares in revenue-paying villages, was owned by one Thakurain Gend Kunwar. It was placed under the management of the Court of Wards under clause (*a*), section 194, Act XIX of 1873, by order of Government dated 25th March, 1875. The debts due from the estate on assumption of charge amounted to Rs. 1,50,035, and as the total income of the estate (Rs. 39,544) was insufficient to pay off this amount within a reasonable period, the property was sold by auction on 20th February, 1877 and bought in by the principal decree-holder for Rs. 1,11,000; but objections to the sale on technical grounds were made by the Thakurain and on appeal to the High Court the sale was set aside. In 1879 the principal decree-holder came forward with a proposal to buy up all the claims against the estate on certain conditions which were duly reported to Government, and under the authority given in G. O. No. 759, dated 10th April, 1879, the Board entered into an agreement with the decree-holder by which he took over all the debts and became sole creditor, the Court of Wards binding itself to pay instalments of the debt due to him from the profits of the estate so long as it should remain under management. During the Court's superintendence the gross rental rose from Rs. 39,544 in 1875 to Rs. 50,997 in 1885-86.

The estate was released from the management of the Court of Wards and taken charge of by the Collector, as an escheat to Government, on the death of the

Thakurain, which took place on 10th January, 1887. The balance of the debts due from the estate at the time of release was Rs. 65,433-5-6, including interest. This amount will be paid to the decree-holder by instalments from the net profits of the property which will now be managed under the rules for the management of Government estates.

Balbhaddra Singh's Estate, Benares district.—This estate, which comprised shares in 18 villages in the Benares district, was owned by Debi Prasád an adult, and his minor nephew Balbhaddra Singh. The share of the latter was made over to the Collector by the Civil Court, but it was found impossible to manage it without also assuming charge of the share of Debi Prasád. The sanction of Government was accordingly obtained to the disqualification of Debi Prasád on his own application under clause (*g*), section 194, Act XIX of 1873, and charge of the whole property was assumed on 28th February, 1885.

During the Court's management every effort was made to reduce the liabilities of the estate; but it was found to be hopelessly involved, and the debts, which amounted to Rs 23,911, could not be liquidated without the sale of the property. The Board accordingly directed the Collector to apply to the Judge to relieve the Court of Wards of charge of the estate. This application was refused, but the Judge consented to the sale of the property, which was sold by auction for Rs. 16,693-8-0 and the sale proceeds devoted towards the payment of debts. The amount however did not suffice to meet all the habilities, and an unadjusted balance of Rs. 7,391 still remained due on 20th August, 1887, when the estate was released from the management of the Court of Wards.

Kurban Husain's Estate, Bánda district.—This estate, which was composed of two entire villages, shares in two others and of mortgage rights in another village, was the property of one Abdul Husain, a Tahsíldár in the Government service and a member of an old Saiyad family of Shikohabad, in the Mainpuri district. Abdul Husain died in 1873, leaving by his first wife one son, Ibrar Husain, an adult, and four minor children by his second wife, *viz.* :—

(1) Musammat Kubra Khatun, aged 16 years;

(2) Kurban Husain, aged 14 years;

(3) Musammat Haidari Khatun, aged 12 years, and

(4) Musammat Gauhar Khatun, aged 8 years.

Ibrar Husain being the only adult, the management of the estate devolved on him. He died in 1879, and as the minors had no relatives in Bánda capable of managing the property, the estate was placed under the Court of Wards under clause (*b*), section 194, Act XIX of 1873, on 1st March, 1880. Musammat Gauhar Khatun died soon afterwards and her share was divided between her surviving brothers and sisters. The share of Musammat Kubra Khatun was released in April, 1885, and on Kurban Husain attaining his majority on 10th February, 1887, his share, as well as that of his younger sister, Musammat Haidari Khatun, was made over to him.

When charge was assumed the estate was indebted to the extent of Rs. 1,490, which was paid off during the Court's management. The ward was educated in the Bánda High School and instructed in the management of his property.

Ramgarh Estate, Mirzapur district.—This estate consisted of four whole villages in the Mirzapur district and five houses and a temple in Benares. On the death of the late proprietor Ram Chand, a certificate of administration was granted by the Civil Court of Benares to his widow Musammat Magu Bibi. Circumstances afterwards came to the knowledge of the Judge which induced him, on 12th April, 1877, to pass an order withdrawing his certificate and directing the Collector to assume charge of the estate on behalf of the two minor sons of the deceased proprietor, Lachmi Naram, then aged 18 years and 8 months, and Gauri Shankar, aged 16 years and 8 months.

The net profits of the landed property in Mirzapur amounted to Rs. 1,660 only. On assumption of charge, the estate was indebted to the extent of Rs. 20,566. In order to pay off a number of petty claims, two houses and some personal property of the late proprietor were sold for Rs. 8,812 and a further sum of Rs. 9,000 was borrowed from a native banker of Benares. The total debts due from the estate thus amounted to Rs. 29,566, all of which was paid off during the Court's management.

In 1880 the elder ward attained his majority, but he was on his own application declared disqualified from managing his share in the estate in G. O. No. 2013, dated 7th December, 1880. In 1881 the second ward came of age, and he too was disqualified in G. O. No. 417, dated 21st March, 1882. When both the wards attained their majority, the Government directed the release of the estate in 1886 (*vide* G. O. No. $\frac{878}{I\text{-}718}$ of 8th June, 1886), but it appeared that since the Rs. 9,000 had been lent on the credit of the Court of Wards, the estate should be retained under the management of the Court until 30th September, 1887, which was accordingly done. At the time of release the estate had a cash balance of Rs. 93-8-3, which was duly handed over to the proprietors.

4. The estates which were taken under charge by the Court of Wards during the year were fewer in number and smaller in extent than those released. They were :— Estates taken under charge.

Sheikhupur Estate, Budaun district.—This estate consists of 36 shares, including eight muáfi plots in 27 mahále, and is owned by Jamal-ud-din, a minor aged four years and 11 months, and his mother, Musammat Zakat Fatima Begam. The share of the minor was placed under the management of the Collector under Act XL of 1858 by order of the Civil Court of Sháhjahánpur dated 17th March, 1886, and Musammat Zakat Fatima Begam was, on her own application, disqualified under clause (*g*), section 194, Act XIX of 1873, by G.O. No. $\frac{110A}{I\text{-}276A}$ of 28th November, 1887. The debts due from the estate on assumption of charge amounted to Rs. 6,826, of which Rs. 5,000 are secured by mortgage.

Srigopal's Estate, Bareilly district, was made over to the Collector for management by order of the Judge of Bareilly dated 1st April, 1886. The property is composed of shares in three mahále and includes also two shops, a sugar manufactory and a dwelling-house. The income is Rs. 3,650, and the proprietor Srigopal (a minor aged 11 years) receives his education at the Inglisganj Branch School at Bareilly.

Azizganj Estate, Shâhjahânpur district.—This estate, belonging to Kanhaiya Lal Kalwar, a minor aged 14 years and 10 months, was, on the recommendation of the local officers, taken under the superintendence of the Court under clause (*b*), section 194, Act XIX of 1873, on 6th April, 1887. It consists of eight whole villages and shares in 22 others, besides houses, furniture and live stock valued at Rs. 67,295. On assumption of charge it was found that the estate was indebted to several creditors to the extent of Rs. 40,857 which was paid off by contracting a fresh loan of Rs. 40,000 at 7 per cent. interest from a banking firm at Jubbulpore, repayable within 10 years. The annual income of the property is Rs. 26,210 and the Government demand for revenue and cesses Rs. 15,837. The ward is being educated at the Bareilly High School.

Dhukri Estate, Shâhjahânpur district.—This estate was, at the recommendation of the local officers, placed under the management of the Court on 20th April, 1887, under clause (*b*), section 194 of Act XIX of 1873. The property comprises a patti of 1¼ biswa in mauza Dhukri Buzurg, in the Shâhjahânpur district, and is owned by Bikram Singh, a minor aged 13 years. On assumption of charge the estate owed Rs. 322-8, for the liquidation of which a loan of Rs. 300 at 7 per cent. interest has been sanctioned from the funds of the Kurria estate in Shâhjahânpur. The minor at present lives with his mother.

Bari Mehtan Estate, Cawnpore district.—This estate was placed under the superintendence of the Court of Wards under section 12, Act XL of 1858, by order of the Judge of Cawnpore dated 5th February, 1887, but Musammat Rani Kunwar, mother of the minors, succeeded in procuring a reversal of this order on appeal to the High Court and obtained in due course a certificate of guardianship over the minors. The estate was accordingly released from the Court of Wards on 15th November, 1887. As the property was released after the close of 1886-87, the narrative of this estate has not been included in those of the estates released during the year.

Lalitpur Estate, Lalitpur district.—The proprietor of this estate was Jagan Nath Chaube of Lalitpur, who died leaving his wife, Musammat Nand Rani, aged 22 years, and a daughter, Musammat Lar Kunwar, aged 3½ years. The former was at her own request disqualified under clause (*g*), section 194, Act XIX of 1873, from managing her estate by G. O. No. $\frac{989}{1\text{-}211\text{A}}$, dated 13th July, 1887. The property comprises 13 whole villages or shares of villages, several houses and a temple. The income is Rs. 1,966 and the Government demand for land revenue and cesses Rs. 1,056. The debts due from the estate amounted to Rs 1,806, while on the other hand about Rs. 3,000 were due to it when superintendence was assumed.

Classification of estates.

5. The estates under the management of the Court of Wards are classified as follows:—

Clause of section 194, Act XIX of 1873.		Number of estates.
(*a*) Females deemed by the Local Government incompetent to manage their estates ...		9
(*b*) Minors	Estates made over by Civil Court	43
	Ditto taken by the Court of Wards on its own motion	40
(*c*) Idiots		1
(*d*) Lunatics		3
(*e*) Persons otherwise rendered incapable by physical defects or infirmities from managing their estates.		1
(*g*) Persons declared by the Local Government on their own application to be disqualified from managing their estates.		42
Total ...		139

It will be observed that the number of estates shown above differs from the actual number of estates (115) under management as shown in Statement II; this is owing to the fact that several estates come under more clauses than one.

Release of estates held solely with a view to clear off their liabilities.

6. As in 1885-86, so also during the year of report, the policy of Government, that the Court of Wards should be relieved of the charge of encumbered estates only held with a view of clearing off their liabilites, was given effect to by the Junior Member as far as possible. Of this class of estates, those of Ramgarh and Muhamdi Begam were released during the year. In the case of the Dubé estate in the Jaunpur district the Board have intimated their intention to the local officers to release it so soon as it is free from debts, and it will probably be released during 1888-89.

Percentages of collections.

11. The percentages of the collections to demand by Divisions are shown in the table below :—

Division.	Percentages of collections to total demand.					
	1885-86.			1886-87.		
	Current.	Arrears.	Total.	Current.	Arrears.	Total.
Meerut	92	76	91	95	79	94
Agra	95	18	90	94	30	91
Rohilkhand	94	18	85	94	39	89
Allahabad	96	36	91	91	29	86
Benares	92	55	89	92	49	88
Jhánsi	92	26	89	98	67	97

12. The percentages of total collections and of the current and arrear demands for the year of report were better than those of 1885-86 in the Meerut, Agra, Rohilkhand and Jhánsi Divisions, but there was a falling off in the collection of both the current and arrear demands in the Allahabad and Benares Divisions. In the Allahabad Division the percentage of current collections fell from 96 in 1885-86 to 91 in 1886-87, and that of arrear collections from 36 to 29. This is chiefly due to short collections in the Bara estate, from the accounts of which it has since been found necessary to write off Rs. 31,170. It is anticipated that during the current year better results will be shown, and on this matter I am to refer para. 18 of the Board's Report for 1885-86. In the Benares Division the percentages of total collections and of the current demand were the same for both years; but there was a falling off in the collection of arrears, which occurred chiefly in the Majhauli estate in Gorakhpur and was due to the non-realization of rents from certain abádkárs in the Háta tahsíl who claimed proprietary rights. Their appeal from the Commissioner's order reversing the decision of the Settlement Officer was disposed of by the Board after the close of the year of report.

With reference to the remarks on the jamabandis of the Azamgarh district recorded in para. 5 of the Government Review of the Board's report for 1885-86, I am directed to say that the state of things therein mentioned has ceased to exist. The matter received the particular attention of the Senior Member in the Miscellaneous Revenue Department, and the Collector has reported that the accounts of the Dubé estate have been brought to a systematic form.

13. The balances aggregating Rs. 2,34,249 are classified by Divisions in the following table :—

Division.	Balance.				Percentage of irrecoverable balance to total demand.
	Recoverable.	Doubtful.	Irrecoverable.	Total.	
	Rs.	Rs.	Rs.	Rs.	
Meerut	5,464	86	603	6,153	·6
Agra	9,116	2,074	2,299	13,489	2
Rohilkhand	28,019	3,099	2,250	33,368	·7
Allahabad	91,573	9,751	35,671	1,36,995	4
Benares	39,408	754	3,554	43,716	1
Jhánsi	387	7	134	528	·9
Total ...	1,73,967	15,771	44,511	2,34,249	2

As stated above the balances in the Allahabad Division were swelled owing to short collections in the Bara estate, where sums aggregating Rs. 31,170 were on enquiry found to be irrecoverable.

In the Benares Division the total balance shown in the above table includes an item of Rs. 28,962 which could not be collected during the year in the Majhauli

estate in Gorakhpur for the reasons given in the preceding paragraph. Of this sum Rs. 2,250 were remitted and the balance is reported to be in train of realization.

Interest on Government securities.

14. The interest realized on moneys invested in Government and other securities amounted to Rs. 27,117, as against the Rs. 32,048 realized in 1885-86. The sale of Government promissory notes worth Rs. 1,00,000 belonging to Begam Mashuk Mahal's estate in Bareilly accounts for this decrease. These securities were sold for the purpose of advancing a loan to the Kairagarh estate in Oudh (*vide* correspondence ending with the Board's No. $\frac{2466}{X.-5}$, dated 29th September, 1886).

Other receipts of the year.

15 The following are the details of the other receipts of the year :—

	Rs.
(1) Court of Wards and other loans	52,198
(2) Debts recovered	97,042
(3) Takávi advances recovered	5,580
(4) Occupiers' rate	21,161
(5) Sale proceeds of land and houses	1,51,894
(6) Sale proceeds of Government securities	98,444
(7) Miscellaneous receipts	91,398
Total ...	5,17,717

The gross receipts from all sources amounted to Rs. 22,22,830, and the cash balance in hand at the beginning of the year being Rs. 1,87,570, the income available for expenditure during the year amounted to Rs. 24,10,400.

Expenditure; land revenue and cesses.

16. The first item calling for notice on the expenditure side of the accounts is the "Government demand for land revenue," under which Rs. 8,04,384 were paid; Rs. 99,249 also were paid during the year on account of cesses. The percentage of the land revenue to the rental receipts of revenue-paying land is 49.

All Government demands for revenue and cesses were paid in full. The arrears of Rs. 13,909 on account of land revenue and of Rs. 1,669 on account of cesses in the Sarai Bharat estate (*vide* Statement XI) are nominal and represent only the instalments which fell due after the estate was released from the Court of Wards.

Owners' and occupiers' rates.

17. The items of Rs. 1,435 and Rs. 20,350 paid to Government on account of owners' and occupiers' rates respectively require no explanation.

Cost of management.

18. The cost of management of the year under report amounted to Rs. 1,36,455, which falls at 7 per cent. on the receipts shown in columns 7 to 13 and column 16 of Statement IV.

Special scheme of management

The special scheme of management was in force during the year under report in the districts of—

Bijnor, Jaunpur,
Cawnpore, Gházipur,
Allahabad, Gorakhpur,

for which districts the subjoined table shows the income, cost of management and the percentage of the latter to the former :—

District.	Income for 1886-87, exclusive of cash balance at the close of the year, receipts from loans and sale proceeds of land, houses and Government securities.	Cost of special management.	Percentage of cost of special management.	Remarks.
	Rs.	Rs.		
Bijnor ...	1,20,871	8,447	6·9	Since the release of the Sherkot estate in August, 1886, a Manager on Rs. 120 per mensem only has been employed.
Cawnpore ...	91,095	7,777	8·5	
Allahabad ...	4,64,121	25,004	5·3	
Jaunpur ...	2,46,046	17,745	7·2	
Gházipur ...	84,096	4,401	5·2	* These figures relate to Court of Wards' estates alone. Estates managed under sections 323 and 326 of the Civil Procedure Code and State properties also pay a share of the cost.
Gorakhpur ...	2,29,802	15,702	6·8	

The Collectors and Commissioners concerned have repeated their recommendations for the continuance of the scheme which they are unanimous in considering to have been an unqualified success. As reported in previous years, Mr. Quinton has no doubt that the system in question is in every way an advantageous one, as it not only affords relief to the members of the district staff, but also secures a more efficient administration of the estates under the management of the Court of Wards.

The Junior Member has again had reason to commend the work of the following Special Managers:—Munshi Zain-ul-abdin, Babu Purshotam Das, Mr. Ricketts and Babu Sheo Narain Das.

The system of management in Bánda underwent no change and is reported to have worked well. The total cost of management in Bánda was Rs 8,373, or 5·7 per cent. on a net rent-roll of Rs. 1,45,439, which includes not only Court of Wards' estates but also Government estates and estates managed in execution of decrees.

I am to add that the attention of the Commissioners of Meerut, Agra and Rohilkhand was directed by the Board to para. 8 of G. O. No. $\frac{141A}{I.-427}$ of 8th November last reviewing the Board's Court of Wards Report for 1885-86, with the request that they would ascertain from Collectors of the districts where the special scheme was not in force whether they were prepared to recommend its introduction; but the Collectors concerned reported that the income of the estates in their districts were not sufficiently large to support the charge of Special Managers and their establishments, and for the present the Board do not propose to extend the scheme.

Miscellaneous charges.

19. The miscellaneous expenditure which is composed of law expenses, ordinary repairs of houses and boundary pillars, interest on debts and loans, and voluntary patwári rate, amounted to Rs. 2,28,152, as against Rs. 1,96,179 in the previous year. The excess over last year's expenditure under this head is mainly due to larger payments of interest on debts due from the Sarai Mir and Majhauli estates in the Benares Division; the other items of "Miscellaneous charges" appear to call for no special remarks.

Personal expenses of proprietors.

20. The "Personal ordinary expenditure" *i.e.*, maintenance allowances, &c., was Rs. 1,49,556, as compared with Rs. 1,67,058 in 1885-86; and the "Personal extraordinary expenditure" of the year amounted to Rs. 33,137, as against Rs. 64,983 in the previous year. The amount expended on the marriages of the wards of the Karam Ali Khan, Ram Saran Das, Malhajani, and Partab Chand estates abnormally swelled this expenditure in 1885-86.

The percentage of personal expenditure to the net profits is 16, as against 13 in the previous year.

Education and Wards' Institute.

21. The educational charges of the year amounted to Rs. 19,779, as compared with Rs. 22,578 in 1885-86. The decrease as against last year is attributable chiefly to the removal, on account of ill health, of the ward Partab Chand of the Allahabad district from the Wards' Institute at Agra.

A change was effected in the system of accounts and charges of the Wards' Institute during the year. Of the monthly fee of Rs. 150 payable by each pupil Rs. 90 are now devoted to the fixed charges of the Institute and the remaining Rs. 60 to the personal expenses of the pupil. Any profits accruing from the fixed charges are credited to a special fund for buildings and improvements, while sums saved from the allowance for personal expenses are credited to the pupil's account for the ensuing half year.

From the new Building and Improvement Fund the Board have been able to provide for several items of accommodation, and more will be done in this direction from time to time.

From 1st January to 31st December, 1887, the general charges for superintendence, establishment, &c., amounted to Rs. 9,090 and the private expenses of the wards to Rs. 5,492.

The following is a list of the wards who have been in the Institute during the year:—

District.	Name of estate.	Name of ward.
Meerut	Karam Ali Khán	Khurshed Ali Khán.
Ditto	Ram Saran Das	Banarsi Das.
Agra	Parna	Dewan Ram Ratan Singh.
Farukhabad	Khimsipur	Baldeo Singh (remained up to August, 1887 and died in September 1887).
Allahabad	Partab Chand	Rai Partab Chand (withdrawn in March, 1887 for ill health).
Fyzabad (Oudh)	Khapradeh	Anant Bahadur Singh (remained for 3 months only).
Hardoi (do.)	Marwan	Rai Bishambhar Náth (admitted in July, 1887).
Ditto (do.)	Khajurahra	Thakur Shankar Baksh (admitted in July, 1887).
Bahraich (do.)	Behwa	Rája Munna Sahib.
Bara Banki (do.)	Pokra Unsari	Rája Bhagwan Baksh.
Sultanpur (do.)	Wulipur	Rája Pratap Bahádur Singh.

It was considered advisable to dispense with the services of Mr. Wolfe, the Superintendent of the Institute, and the Board are now in correspondence with the Director of Public Instruction to arrange for a new Superintendent, who will combine with his duties as Superintendent of the Wards' Institute those of a Professor at the Agra College. The Principal of the Agra College at present superintends the Institute in concert with the Commissioner and Board of Visitors.

22. Rs. 76,504 were expended on works of improvement which were carried out in 47 out of the 115 estates under management during the year. Details of these works are given in Statement VI and the report of the Director of Land Records and Agriculture printed as Appendix B to this report. **Improvements.**

23. There are occasional discrepancies in the figures reported by the Director as compared with those furnished to this office by Collectors, and explanations have been called for where necessary. With the exception of certain wells in the Rawatpur estate in Cawnpore, the Director had no immediate connection with or control over the various works carried out. **Remarks on Director's report.**

24. Takávi advances aggregating Rs. 4,845 were made to tenants in 24 estates during the year. **Takávi advances.**

25. The sums repaid by the various indebted estates on account of principal of loans made by the Court of Wards or Government or on account of other debts amounted to Rs. 3,42,036, as per details given below :— **Repayment of loans.**

	Rs.
Towards Court of Wards' or State loans	87,502
Other debts	2,54,534

The balances of these loans and debts due at the close of the year was Rs. 12,37,066, as shown in column 11 of Statement VII. This statement also shows

the progress made in repayment of the debts in question since the estates concerned were taken under the management of the Court of Wards. The following is an abstract of Statement VII :—

			Rs.
Debts due when superintendence was assumed	...	...	41,69,023
Incurred after superintendence was assumed	...	...	15,42,000
	Total	...	57,11,023

Of this sum (Rs. 57,11,023) Rs. 44,73,957 have been paid off, as per details given on the margin, leaving a balance of Rs. 12,37,066 as shown above.

	Rs.
By incurring other debts or by sale of property,	23,13,030
From cash balance in hand or otherwise ...	21,60,927
Total ...	44,73,957

Court of Wards' loans.

26. During the year Rs. 1,29,495 were advanced by the Court of Wards from one estate to another or to private individuals. Details of these loans are given in column 16 of Statement V.

27. The total arrears due at the close of the year from one Court of Wards' estate to another amounted to Rs. 2,321, of which details are given in columns 15 to 17 of Statement VIII. The amount could not be repaid for want of funds.

State loans

28. Of State loans, the arrears due from the Arjunpur estate were Rs. 8,040-11-5 principal and Rs. 821-9-10 interest. A hope was expressed in last year's report, para. 34, that it would be found possible to meet future instalments with punctuality, but owing to the causes referred to therein, combined with a poor rabi harvest, these anticipations could not be realised. The Junior Member has given particular attention to the affairs of this estate, and every effort is being made to secure better results during the current year.

Investments

29. Besides the loans to which allusion has been made above, the investments of surplus funds made during the year were :—

					Rs.
In Government securities	...	...	...	.	1,27,328
In landed property and houses	...	...	...	.	14,218
			Total	...	1,41,546

Closing cash balance.

30 The total expenditure of the year aggregated Rs. 21,86,923, and the cash balance at its close Rs. 2,23,477. None of the estates had a surplus of more than a lakh during the year

Notices of ejectment.

31. The number of notices of ejectment under the Rent Act issued during the year was 280, and the area of the land to which they referred was 2,258 acres; of these notices 75 were contested and the objections were successful in 15 cases. In 152 cases the tenants relinquished their holdings without contest and in 52 they were permitted to remain in possession at enhanced rates.

Applications for enhancement of rents.

32. The applications for enhancement of rent were only 16 in number, affecting 16 tenants, the area to which the applications related being 106 acres in two estates. Enhancements were sanctioned from a total of Rs 375-6-7 to Rs. 390-11-7.

Civil litigation

33 The Legal Remembrancer's report to Government will deal with the Civil litigation of the Court of Wards, and the instructions contained in the revised Rule 2 of the Board's Book Circular No. 20—X, Chapter VII, Vol. II, which was sanctioned in G. O No. $\frac{126}{I.-3A}$, dated 27th January, 1888, will be attended to when the Board's Court of Wards Report for the current year is submitted to Government.

Conclusion

34. Mr. Quinton considers the result of the year's management to have been, on the whole, very satisfactory, and he desires me to mention the names of the following district officers who, in his opinion, specially merit the approbation of Government for the effective manner in which they have discharged this branch of their duties :—Mr. F. N. Wright, Meerut; Mr. C. D. Steel, Muzaffarnagar; Mr. F. W. Porter, Allahabad; Mr. J. S. Mackintosh, Jaunpur; Mr. D. T. Roberts, Gorakhpur; Mr H. Fraser, Bánda; Mr. J. H. Fisher, Moradabad; Mr. R. S. Whiteway, Etáwah,

and Mr. W. E. Neale, Bareilly. Commissioners of Divisions continue to exercise a proper supervison.

35. The accounts of the several benevolent trusts are embodied in Statements XIII to XVI and the year's management of the trusts is noticed in Appendix A.

36. I am to add that though this report is issued in the name of the Hon'ble J. W. Quinton, the Department was for the greater portion of the year in the charge of Mr. J. C. Robertson, Officiating Junior Member.

I have the honor to be,

SIR,

Your most obedient servant,

C. J. CONNELL,

Offg. Secretary.

APPENDIX A.

Benevolent Trusts, North-Western Provinces.

The number of charitable and other trusts on the Board's list during the year was 23. The accounts of these trusts are shown in Statements XIII to XV appended to this report.

In pursuance of the observations recorded by Government in para. 10 of the review of the report for 1885-86, certain modifications have been made in Statements XIII and XV. To the former statement columns 15 and 22, showing the opening and closing balances, have been added, while the latter statement now shows, besides the Government securities which form the corpus of some trusts, the capitalised value of the real property which forms the corpus of others.

The opening cash balance was Rs. 17,466 and the total receipts of the year Rs. 38,239. The total available income thus amounted to Rs. 55,705. The total expenditure was Rs. 42,453 and the cash balance at the close of the year amounted to Rs 13,252.

The surplus assets to the credit of the various trusts at the close of the year, inclusive of Rs. 2,22,300 invested in Government securities, was Rs. 3,73,086.

Educational endowments.

These endowments, 58 in number, are under the immediate control of the Director of Public Instruction, North-Western Provinces. The accounts of these endowments are shown in Statement XVI.

Including the initial balance of Rs. 8,222-7-8, the available income was Rs. 49,082-6-7. Rs. 41,812-14-6 were expended in carrying out the wishes of the donors and the cash balance at the close of the year amounted to Rs 7,269-8-1.

APPENDIX B.

Report by the Director of Land Records and Agriculture, North-Western Provinces and Oudh, on Agricultural Improvements.

No. 1063A., dated the 24th March, 1888.

From—LIEUT.-COL. D. G. PITCHER, *Offg. Director, Department of Land Records and Agriculture, N.-W. P. and Oudh,*

To—The Secretary, Board of Revenue, N.-W. Provinces.

SIR,—I have the honor to submit, for the information of the Board of Revenue, the annual report on agricultural improvements and experiments conducted in Court of Wards' estates in North-Western Provinces.

Reports have been received from all districts, and I give below a summary of those reports which alone contain matters of interest :—

MUZAFFARNAGAR.—On the Bedauli estate 13 wells are under construction and Rs. 540 were spent during the year. The wells, when completed, are expected to return Rs. 404 per annum.

MEERUT.—There are three Court of Wards' estates, *viz.*:—

I.—Hápur estate.

II.—Karam Ali Khan's estate.

III.—Ram Saran Das' estate.

For the *Hápur estate* a bull was purchased for Rs. 150. Its services have been freely availed of by the residents of the neighbouring villages.

Karam Ali Khan's estate.—Boring tools were freely used in sinking wells.

Three wells have been completed during the year, of which two were commenced in 1292 fasli and one in 1293 fasli. Of the two wells of Bilochpura, the construction of which was commenced in 1293, the cylinder of one has been built and is being sunk ; this well will come in use this year. The cylinder of the other well has been constructed and will shortly be sunk, but it cannot be used till next year. When finished, it will irrigate about 79 bighas of land and give a return in rent of Rs. 161.

One new well is under construction in Bághpat.

A good road has been opened in Bilochpura at a cost of Rs. 100.

Rs. 15 were spent in clearing Karam Alipur tank and Rs. 410-8-0 in repairing certain katcha wells ; Rs. 100 were spent on improvements to the garden.

A sum of Rs. 124-13-7 was spent in arboriculture. Babul trees planted in 1290 fasli are getting on well.

Certain experiments were made in the Bághpat tahsíl.

The rabi crops of the year failed generally owing to frost and high wind.

Maize cultivation has become universal and is sown in preference to that generally used by the cultivating classes. Wheat cultivation has also increased.

The cultivation of naked barley has also increased in this place. It requires no example by way of inducement. The cultivators have a large supply of this barley.

Ram Saran Das' estate, Zahidpur.—A masonry well was commenced last year. A third cylinder has been built and will be sunk 13 feet: the total amount spent during the year was Rs. 242-15-10.

Jurranpur.—A well on which Rs. 1,548 were spent last year has been carried down 65 feet before meeting with firm soil. Rs. 251 were spent during the year.

Barwala.—A well constructed at a cost of Rs. 531-6-5, against the sanctioned estimate of Rs. 731.

Khera Balrampur.—A well is under construction. Rs. 80 only spent during the year. The borings have proved the *mota*, or firm soil, to be 40 feet from the surface. A second cylinder is now being sunk. A well was repaired at a cost of Rs. 256-15-6 and a katcha road and two bridges were built at a cost of Rs. 100.

A bull has also been purchased for this estate and is so far a success.

Rs. 398-8-0 were expended on boring tools which are now being let on hire. Rs. 21-9-0 were spent in planting trees.

ALIGARH.—*Mohreni estate.*—Five wells were taken up at the beginning of the year, of which one has been completed and the rest are under construction. The expenditure incurred amounted to Rs. 1,004-15-4. Four old wells were also repaired at a cost of Rs. 14-13-5.

MAINPURI.—*Karaoli estate.*—Rs. 449 were spent during the year in completing the katcha tank, but one of the side walls gave way. It is hoped that the tank will be serviceable for irrigation soon.

Out of the six wells left incomplete by Mr. Copeland two were finished and the rest are nearly complete. The total cost during the year was Rs. 5,232.

Materials worth Rs. 300 for sinking four more wells have also been collected. Arrangements are being made to enhance rents where wells have been constructed.

Rs. 225-9-3 were spent in maintaining groves. A new nursery, consisting of about 500 plants of tamarind, jaman, mahua, mango, and gular, has been started. Rs. 106 were spent on fuel and fodder reserves. Six hundred sissu trees were planted and 450 maunds of grass cut. Babul seed has also been sown. The experiment is, on the whole, promising well.

Cattle-breeding has been started on a small scale. Rs. 551-10-8 were spent on the maintenance of bulls and cows. There are at present nine cows, three bulls, and one male buffalo. One bull, one male buffalo and five cows were purchased during the year. Four of the cows have calved during the year and four others are in calf. All the bulls are used for breeding purposes and seem to be in demand.

Rs. 318 were spent in the purchase of six pony-mares. These have been served by donkey stallions, but have not yet foaled.

ETAH.—A well is under construction on which Rs. 150 were spent during the year. It is expected that on completion of the work there will be an increase of Rs. 100 in rent.

BIJNOR.—*Sahanpur estate forest mahál.*—The actual expenditure on account of clearing and cutting fire-lines in the Sál forest was less than what was contemplated. There was very little expenditure in repairs to wells, nor were any cultivators settled in the tract during the year. In the open country mahâls boring operations were carried on on the well at Hasanpura. An interior tube was sunk to the depth of 13 feet, but without success and the project was given up.

Planting trees along roadside proved a failure.

Out of the 36 cattle existing at the close of last year two aged cows and three calves died. The mules have been sold for Rs. 150.

BAREILLY.—*Begam Mashuk Mahál's estate.*—Twenty-five sugar-mills from Beheea were purchased and let out on hire. Receipts therefrom amounted to Rs. 6,110.

SHÁHJAHÁNPUR.—*Nahal estate.*—Four wells were commenced, of which three wells have been completed and severely tested and have an abundant supply of water.

The concrete plug invented by Mr. Wilson when at Awa is, the Collector reports, an assured success. If carefully put down it keeps out the sand most effectually and certainly.

CAWNPORE.—*Rawatpur estate.*—Of the four wells which were under construction by the Agricultural Department, two have been completed and the rest are under construction. The total cost during the year was Rs. 2,389-9-4.

The estate also spent Rs. 1,200 for the construction of four wells under the Manager's superintendence.

BÁNDA.—There are two estates, Diya Chakwa and Rao Balwant Rao's estate. On the former Rs. 100 were spent on repairs to a well and in deepening a tank. These improvements will bring a return in rent of Rs. 8. On the latter estate Rs. 250 were spent on repairs to a well and tank and Rs. 100 on experiments in siloing káns grass, six pits of which were successful and six were failures.

ALLAHABAD.—There are four estates under Government management, *viz.*:—

I.—Gouri Shankar Parshad's estate.

II.—Partab Chand's estate.

III.—Barah estate.

IV.—Balraj Kunwar's estate.

Gouri Shankar's estate.—Two new wells were constructed at a cost of Rs. 1,100. The wells give a good supply of water and four buckets can be worked at each of them. An area of about 80 bighas can be irrigated.

Partab Chand's estate.—The construction of seven wells was commenced (five independently and two jointly with Balraj Kunwar's estate), of which five were completed at a cost of Rs. 2,463. They irrigate about 170 bighas. Three tanks were repaired at a cost of Rs. 2,159-5-7. They will irrigate about 253 bighas of land in addition to the area formerly irrigable from them.

Barah estate.—Rs. 300 were spent for repairs of bandhs, and in Balraj Kunwar's estate Rs. 700 were spent for construction of wells which will irrigate about 35 bighas.

JAUNPUR.—*Dubé estate.*—Rs. 100 were formerly expended annually in repairing the Suhouli bandh. Last year it was proposed to repair it thoroughly, and accordingly the entire length of the earthwork, about three miles, was undertaken during the year, but when the work was approaching completion, the sudden heavy rains of June washed away a portion of it. It will be rebuilt at an extra cost of Rs. 500. The total cost of the work was Rs 1,575-1-2. When this bandh is completed there will be a large supply of water sufficient to secure the rental of some 500 bighas of land on both sides.

The Udpur-Ghatampur bandh is another earthwork of similar nature, but of smaller size. The repairs were finished at a cost of Rs. 150. Sarpat grass and bamboo hedges have been planted, and it is expected that after two years there will be an annual income of Rs. 50.

The Rája's residence was repaired at a cost of Rs. 15,346-5-1 and the Benares garden-house at Rs. 3,363-6-0.

A platform of a well on the road to Benares was built at a cost of Rs. 100. The well waters some 30 bighas of land, and it is expected that the rental will increase by Rs. 20 a year.

Rs. 70 were spent in arboriculture.

AZAMGARH.—Rs. 137-8-0 were spent in repairing a bandh and water-course. The former is a great benefit to rice-fields. Formerly there was no outlet, and the

rice-fields were often destroyed by flooding. The latter has been repaired and its banks planted.

GHÁZIPUR.—*Anapur estate.*—Two tanks were repaired at a cost of Rs. 3,354-8-0. These tanks are useful both for irrigation and for drinking purposes. Five new wells have been completed at a cost of Rs. 900, but no enhancement of rent is expected. Five wells have also been repaired at a cost of Rs. 500.

The tenants have constructed 10 wells, but fuel for the manufacture of bricks was given to them from the estate. Two hundred and seventeen fruit trees have been planted by the tenants on the condition that, when they reach maturity, half the produce should go to the landlord.

GORAKHPUR.—Estates are as follows :—

I.—Majhaoli.

II.—Chaumukha.

III.—Dumri.

Majhaoli estate.—The 12 unfinished wells of last year were taken up and finished during the year at a cost of Rs. 1,690-11-4.

An estimate for 14 new wells was submitted by Mr. Copeland, but as his wells of the previous years were left incomplete and had to be finished out of the same allotment, the number of wells had to be reduced to nine. These nine wells were taken up and finished at a cost considerably less than that of the sanctioned estimate. Their position and the length of cylinder and depth of water are: (1) Diameter 6½ feet; (2) total length of cylinder from 31 to 40 feet; (3) Depth from surface to water-level from 11 to 19 feet.

One Bull's dredger, two mortar mills, and a set of boring tools were purchased at a cost of Rs. 457-13-0. Certain old wells were also repaired at a cost of Rs. 732-5-0.

A row of shops were built in continuation of the sarái erected last year and a compound wall has also been built with a pucka gateway. A dispensary room with accommodation has been built at a cost of Rs. 230. Some of the streets which could not be paved were metalled with kankar and other miscellaneous improvements in buildings, roads, &c., were made. Rs. 203-14-3 were spent for arboricultural operations; some two miles of road were planted out. The trees planted last year were protected and a new nursery has been started.

Chaumukha estate.—Three wells were proposed to be sunk at Rs. 1,495, but four were constructed at a cost of Rs. 1,119. The saving was due to the fact that there were some 30,000 bricks available from last year's stock. The wells have from 15 to 18 feet of water and the supply so far has proved sufficient.

Three wells left unfinished last year have now been completed and jagats built for two wells; nine old wells were also repaired at a cost of Rs. 244-10-6.

The bandh in mauza Sambhukhara was enlarged with a view to bringing a large tract of fallow land under cultivation.

Two miles of road have been planted out with mango and sisham trees, and the mile planted out last year was maintained. The trees are doing well.

Dumri estate.—When the proposal for sinking 10 pucca wells was sanctioned the tenants objected to pay enhanced rents, and the matter was then referred to the Board as to whether the wells, under the circumstances, should be built. The Board ruled that as the wells formed part of a sanctioned scheme they must be built, and it must be impressed upon the tenants that they would have to pay small enhancements. The wells were accordingly commenced at the end of December and they are under construction. Rs. 4,052-0-6 were spent during the year, against Rs. 4,948 sanctioned.

There was urgent necessity for a few drinking wells: three were built of katcha-pucca masonry at a cost of Rs. 444-9-3, or Rs. 148 per well. They have from 15 to 20 feet of water.

Repairs were made to roads, buildings, bazars, wells, embankments, &c., &c.

Of the wells built on the estate 12 were reported to give insufficient supply of water and steps were taken to put the wells into working order, but owing to the rains the work was retarded. This work will be taken up at the proper season.

Rs. 800 were spent in planting sisham trees, &c.

JALAUN.—*Beona estate.*—One well in Beona fort is under reconstruction. Rs. 508-13-6 have been spent during the year. Two other wells were repaired.

Kukurgaon estate.—Rs. 250 were sanctioned for the repairs of three wells, of which one has been repaired at a cost of Rs. 60 and materials worth Rs. 40 have been collected for the other two wells.

E. WHITE,

Director of Public Instruction, N.-W. P. and Oudh.

ORDERS OF GOVERNMENT.

No. $\frac{1017}{1-427}$ OF 1888.

FROM

THE CHIEF SECRETARY TO GOVERNMENT,
N.-W. PROVINCES AND OUDH,

TO

THE SECRETARY TO THE BOARD OF REVENUE,
NORTH-WESTERN PROVINCES.

DATED NAINI TAL, THE 24TH JULY, 1888.

SIR,

REVENUE DEPT.

I AM directed to acknowledge your No. $\frac{487A.}{X-113}$, being the Board's report on the administration of the estates held under the management of the Court of Wards for the year ending on the 30th September, 1887. The report is dated 21st May, and was submitted with greater punctuality than of late years, having reached the Government from the Press on the 20th June, 1888.

2. The decrease in the number of estates held under the Court of Wards, which has been noticeable for several years, was maintained during the year under review. It has been in a limited degree due latterly to the policy of relinquishing or not assuming charge of estates for which the Court's management is sought solely and without other special reasons with a view to clear off liabilities due to the extravagance or mismanagement of the adult proprietors. The number of estates under management during 1886-87, together with their total income and area, was considerably less than in the preceding year. The statistics (Statement No. II) deal with 115 estates as compared with 124 in the year 1885-86. Of the former number 109 (not apparently 110 as stated in paragraph 2 of this year's report) were already held by the Court at the close of the previous year, and six estates were added during the year. The estates were nearly equally divided among the three main classes that comprise almost the whole of the estates under management, *viz.*, (1) estates of minors made over by the Civil Court, (2) estates of minors taken over by the Court of Wards on its own motion, and (3) estates of persons declared by the Local Government on their own application to be disqualified from managing their estates. The net number under management at the close of the year would appear to have been 104, not 105 as stated in the report.

3. Six estates, with a normal income aggregating Rs. 35,019, were taken under management during the year; but one of them was released after nine months by an order of the High Court. They are all small estates with the exception of the Azizganj estate in the Sháhjahánpur district. It is presumed that special reasons existed for the assumption of the management of the Dhukri estate, which has a normal income of only Rs. 130 per annum.

4. In the course of the year, 11 estates, with a total rent-roll of Rs. 99,416, were released from management. Of these five were handed over to the proprietors on their attaining majority free from encumbrances, and in every case but one with invested and uninvested balances of varying amount. By the special orders of the Civil Court one† estate was restored to its owners at their request, and two estates‡ were released on sale. It was only found possible to release two estates of disqualified proprietors, which had been held with a view solely of clearing off the liabilities. Of these one (Rámgarh) was released, after 10 years' management, free of encumbrances; and in the case of the other (Muhamdi Begam's), which had been under management for two years only, the debts were satisfied by the sale of a portion of the estate. The most important estate released, that of Sarái Bharat, in the Allahabad district, which has a rent-roll of Rs. 50,968, escheated to Government on the death of the proprietor without heirs on the 10th January, 1887. The encumbrances on the estate, after 12 years' management by the Court of Wards, still amounted to Rs. 65,433 at the date of release. As a Government property, the estate remains under the management of the Collector of Allahabad.

5. The total income, expenditure, and balance on the estates managed by the Court during 1886-87 are shown (*c.f.*, Statements Nos. IV and V) in the subjoined table :—

	Rs.		Rs.
Cash balance at the close of the previous year ...	1,87,570		
Receipts during the year,	22,22,830	Rents of land ...	16,65,709
		Other receipts ...	5,57,121
Total income ...	24,10,400		
Total expenditure ...	21,86,923	Chargeable to profits,	12,90,025
		Personal and miscellaneous ...	8,96,898
Balance in hand at the close of the year ...	2,23,477		

6. The total rental demands, current and arrears, amounted to a little over 19 lakhs of rupees, of which 88 per cent. were collected. The collection of current demands shows a slight falling off in comparison with the previous year; while there was an improvement in the collection of arrears. The total arrears at the close of the year were Rs. 2,34,249, of which somewhat less than one-fifth is irrecoverable. Noticeable cases of short collections are explained by the Board in paragraphs 12 and 13 of their report. It appears further (Statement No. III) that in the Agra Division nearly the whole of the arrears are due in the two estates, Arjunpur and Karaoli, in the Mainpuri district; more than half of the recoverable balances occurring in the Arjunpur estate, in which the total collections during the year seem to have amounted to only 70 per cent. of the demand. The causes for this are referred to in paragraph 28 of

the present report; and it is hoped that, under the special attention given to the estate by the Court, a better state of affairs may soon be brought about. In Rohilkhand the balances are swelled by arrears in the estate of Azizganj recently brought under management, and by very short collections of arrears, only 15 per cent. of the demand, in the Sahanpur estate. In the Allahabad Division the nominal balance in the escheated Sarái Bharat estate and the irrecoverable balance in the Bara estate have abnormally increased the amount of arrears shown in Statement No. III. In the Dube estate, in which improvement was promised last year by the special manager, the collections, both current and arrears, during 1886-87 were better than in the preceding year; but the recoverable arrears at the close of 1886-87 still amounted to the large sum of Rs. 37,547, and exceeded those (Rs. 36,418) shown at the commencement of the year. There is still room for improvement in the collections on this estate. The Board have explained the occurrence of the large recoverable balance (Rs. 26,712) in the Majhauli estate in Gorakhpur.

7. It is not apparent why the total income from rent shown in columns 9 and 10 of Statement No. IV is less by Rs. 2,277 than the total rent collections recorded in column 10 of Statement No. III; as it is understood that the alterations noted in paragraph 7 of the Board's report for 1885-86 were adopted with the view of reconciling the figures shown as rent in both statements.

8. Of the receipts from sources other than rents of land (Statement No. IV) the most noticeable items consist of a sum of (1) Rs. 40,000 borrowed by the Azizganj estate to pay off debts due to various creditors (section 4 of Board's report under *Azizganj estate)*, (2) Rs. 1,08,643 realized by sales of land in the Muhamdi Begam and Balbhaddra Singh estates under special orders previous to release from management (section 3 of Board's report), and (3) Rs. 35,595, the sale proceeds of land belonging to two estates in the Jaunpur district, Pathana (Rs. 12,000) and Batak Prasad (Rs. 23,595), sold in order to liquidate debts. The transaction belonging to the latter estate was explained in paragraph 6 of the Board's report for 1885-86. That belonging to the former estate, which seems to include the re-payment of debts amounting to Rs. 4,812, and the giving of a loan of Rs. 7,249, calls for some explanation, which the Board should now furnish. The circumstances of the estate are briefly stated in Appendix A attached to the report for 1883-84. Government securities to the value of Rs. 97,442 were sold by the Begam Mashuk Mahal estate in order to advance a loan to the Khairigarh estate in Oudh. The miscellaneous receipts, presumably interest on money invested in loans, from the two estates of Partab Chand and Majhauli were considerable, amounting to Rs. 40,159 in all.

9. As regards expenditure, the cost of management fell at 7 per cent. on the total normal incomes of the estates, and was less in the majority of the districts where the special scheme of management, which is still pronounced an unqualified success, is in force. Educational charges amounted to Rs. 19,779. Only three wards from the North-Western

Provinces remained in the Agra Institute at the close of the year. By an improved system of accounts introduced in the Institute, a building fund has been created, from which, it is hoped, improvements in the accommodation may be effected.

10. The sum of Rs. 76,504 was spent on works of improvement, chiefly on the construction of wells. The estates which have benefited their tenants most by the provision in a systematic manner of increased means of irrigation are the following :—

	Originally sanctioned.	*Expenditure up to 30th September, 1887.*
	Rs.	Rs.
Rawatpur	24,024	16,867
Karaoli	14,107	10,256
Ram Saran Das	7,661	6,402
Majhauli	7,140	6,046

The report of the Director of Land Records and Agriculture also records useful expenditure on the repairs of tanks and embankments, arboriculture, cattle-breeding, and other projects. The works were carried out entirely by the various managers, with the exception of a few wells in the Rawatpur estate, which were under the superintendence of the Director of Land Records and Agriculture.

11. Rupees 3,42,036 were expended in the payment of the principal of loans and other debts. The arrears payable on account of principal and interest of loans made by one estate to another were trifling in amount (Rs. 2,321 in all). The instalments of State loans, which fell due during the year, were paid with punctuality, except by the Arjunpur estate (already referred to) in the Mainpuri district, which was again unable to meet its liability. Government securities to the value of Rs. 1,27,327 were purchased by estates during the year, and Rs. 14,218 were devoted to the purchase of land and houses. Of the sum of Rs. 1,29,495 invested in loans during the year 1886-87 (Statement No. V, column 16) the only large loan, besides that of Rs. 1,17,400 made to the Khairigarh estate (Report, paragraph 14), was one of Rs. 7,249 granted by the Pathana estate in Jaunpur, regarding which explanation has been asked for.

12. The litigation under the Rent Act, of which returns are submitted to Government, consists of notices of ejectment and applications for enhancement. The former exceeded those of the previous year by 119: 280 notices having been issued during the year under review. With the exception of 94 notices in the Dube estate, they are chiefly confined to the Benares Division. Only a very small number were contested successfully; and the total number of notices bore a very small proportion to the number of tenancies on the estates concerned and under the Court's management. The applications for enhancement of rent were unusually few (16). Of these 14 were filed by the Shahpur estate in the Allahabad district. The figures given in Statement No. X seem

to contain some error, as they show that the result of the applications was to give a reduction of Rs. 26 in the total rent paid, but an enhancement of Re. 0-13-7 per acre.

13. The usual list of benevolent trusts (Appendix A of Report) has been increased to 23 by the addition of Pandit Raghunandan Prasad's educational endowment, the details of which were given in Appendix B of the Board's report for 1885-86. The form of Statements No. XIII and XV has been amended in accordance with the suggestions then made by the Government. The receipts from all sources amounted to Rs. 38,239 as compared with Rs. 39,321 in previous year. The uncollected outstanding of interest in the Meerut Dispensary Trust, which seems to have been due for more than a year and is apparently recoverable, should be shown as an asset of the trust in column 8 of Statement No. XV, and adjusted as soon as possible. Of the total income of Rs. 55,705, Rs. 27,867 were spent on trust purposes and Rs. 14,586 were appropriated to other expenses, leaving a closing balance of Rs. 13,252. The trust property includes Government securities to the value of Rs. 2,22,300 and real property to the value of Rs. 1,37,501 ; but in the latter amount the value of the large estates of the Sadabart fund has not been included owing to the difficulty of appraisement.

14. The only new educational endowment entered in the list prepared by the Director of Public Instruction is a "Griffith Scholarship" of Rs. 120 per annum given annually by Bábu Baleshwar Prasad of Benares. The gift, which seems not to include the deposit of principal, would scarcely seem to constitute an endowment. Of a total income of Rs. 49,082, Rs. 41,813 were expended in carrying out the wishes of donors, leaving a balance in hand of Rs. 7,269.

15. The Lieutenant-Govenor and Chief Commissioner concurs in the opinion expressed by Mr. Quinton as to the generally satisfactory result of the year's management of estates under the Court of Wards, and I am directed to acknowledge the services of the officers who are specially commended in paragraph 34 of the Board's report.

16. The following errata have been noticed in the report and its appendices :—

(1) The number of estates under management by the Court during 1885-86 and the net number at the end of 1885-86 would appear to have been 124 and 109, respectively, not (125 and 110) as stated in paragraph 2 of the report under review. The error seems to have arisen from omission to include the Rasulpur Gauri estate in the Meerut district in the number of estates relinquished during 1884-85.

(2) Statement No. IV.—Heading of column 4, page 20A.—Omit the word "the" between the words "of" and "year" and insert the word "last."

(3) Statement No. X, line 1.—Rupees 326-14-4 rent decreed, and Rs. 4-14-6 rate per acre, cannot both be correct.

(4) Statement No. XIII.—Transfer Rs. 1,203-7-6 from column 6 to column 8, opposite Munshi Sital Singh's Bequest.

Column 6.—Total : *for* Rs. 1,771-0-1, *read* Rs. 567-8-7.

Column 8.—Total : *for* Rs. 8,666-6-6, *read* Rs. 9,869-14-0.

I have the honor to be,

SIR,

Your most obedient servant,

J. R. REID,

Chief Secy. to Govt., N.-W. P. and Oudh.
